REPORT ON THE ADMINISTRATION OF THE JAILS AND LOCK-UPS IN THE MYSORE STATE FOR THE CALENDAR YEAR 1903.

No. 385—J. *Dated Bangalore, 30th April 1904.*

FROM

LT.-COLONEL J. SMYTH, M. D., I.M.S.,
Offg. Inspector General of Prisons in Mysore.

To

L. ANANTASWAMI RAO, ESQ., B. A.,
Offg. Secretary to the Government of His Highness the Maharaja of Mysore, Gen. & Rev. Depts.

I have the honor to submit the following Report on the Administration of Jails and Lock-ups in the State for the calendar year 1903, together with the several prescribed statements.

The report is divided as usual into three parts, *viz.* :—

Part I—*Judicial*, includes statements Nos. 1 to 8, 18, C&D and General Summary

Part II—*Financial*, includes statements Nos. 9 to 13.

Part III—*Vital*, includes statements Nos. 14 to 17 A and B.

1. The most important and historical event that took place during the year under report was the celebration of the Coronation of His Most Gracious Majesty the King, Emperor of India. On this happy occasion, Government as an act of clemency, granted releases to certain prisoners confined in the Jails and Lock-ups of the Mysore State on the 1st January 1903, and remissions of sentences to certain others according to the terms they had served out. Particulars regarding these two classes of prisoners will be found in another part of the Report.

2. *Number of Jails and Lock-ups.*—The number remained the same as in the previous year, except that the Jail at Shimoga, was abolished with effect from the 1st June 1903, and in its stead, a District Lock-up was opened as elsewhere at the Head-quarters of Districts other than Bangalore and Mysore, with an establishment costing Rs. 68 per mensem. *Vide* Government Proceedings Nos. 8021-5—J. 637, dated 8th November 1902, J. 1197-1 07, dated 12th February 1903, and 406-7—J.F. 95 of 03, dated 15th August 1903. Prisoners having terms of more than one month were transferred to the Bangalore Central Jail, and those having terms of one month and below, all under-trial and Sessions prisoners, &c., to the newly constituted Lock-up.

A portion of the old Jail buildings is now being utilized as District Lock-up. The question of constructing a separate Lock-up at the site chosen behind the Public Office buildings at Shimoga, is under consideration of Government. Plans and estimates have been called for by this Office. Until such time as the Lock-up is removed close to the town, a conveyance allowance of Rs. 30 per mensem has been temporarily sanctioned by Government in Proceedings No. 563-4—J., dated 7th September 1903, to the District Lock-up Officer.

3. *Buildings and Accommodation.*—The buildings are reported everywhere to be in fair repair. A kitchen similar to the one now existing in Bangalore Central Jail, and a latrine with mud walls and corrugated iron roofing for the use of the prisoners in the Mysore Jail are under construction and are likely to be completed in about two months. A great want, *viz.*, the enclosing of the Mysore Jail with a compound wall of sufficient height is being felt and until this is supplied, the Jail in question, cannot be said to be a secure one.

PART I.—General Summary.

4. *Number, Classification and their disposal.*—This statement shows the distribution of all classes of prisoners in the Jails and Lock-ups of the State. The number of prisoners of all classes in confinement on the 1st January 1903 was 1,057, during the year, 6,671 prisoners were admitted, making a total of 7,728; of these 6,717 were discharged from all causes during the year, leaving 1,011 on the last day of the year. It will thus be observed that there was a large decrease both in the number admitted and the number released during the year when compared with the figures of the past year.

5. The daily average fell from 1,135·95 in 1902 to 1,053·92 during the year under report. This decrease is accounted for by the less number of admissions during the year.

6. There were 7 Civil prisoners on the 1st day of the year, 60 were received during the year, making a total of 67; of these 61 were discharged, leaving 6 at the close of the year, the daily average being 6·32. The admissions and discharges among this class of prisoners were more numerous than those in the preceding year.

7. *Statement No. I.*—This statement shows the number of convicts and their disposal during the year. The number of convicts at the beginning of the year was 908, 2,687 were imprisoned during the year, making a total of 3,595. Of these, 520 were transferred from one Jail to another within the State, 234 were released on appeal, 2,158 on expiry of sentence, 187 under Mark Rules, 82 on other grounds (in honor of the Coronation of His Most Gracious Majesty the King, Emperor of India on 1st January 1903), of whom, however, 16 belonged to the Civil and Military Station; 3 were transferred to the Lunatic Asylum (1 from the Bangalore Central Jail and 2 from Hassan District Lock-up) 9 executed, 1 escaped and 16 died, leaving on the last day of the year 905. There was a decrease in the number admitted during the year, when compared with the figures for 1902. This figure indicates that there has been a diminution to a certain extent in Crime during the year under report. The daily average number undergoing imprisonment was 861·35 males and 31·41 females against 930·96 males and 44·54 females during the previous year.

8 Convicts of all terms from the Civil and Military Station were as usual admitted into the Central Jail during the past year. But no transfers were made to the Madras Jails owing to the prevalence of plague.

9. *Statement No. II.*—This statement shows the religion, age, state of education and previous occupation of convicts admitted during the year. According to religion, Hindus form the bulk, *viz.*, 81·24 per cent, next come the Muhammadans, their percentage being 13·69 and Native Christians have a ratio of 4·35.

10. According to age, as usual, the largest figure falls between 16 to 40, next the age between 40 and 60. There were 20 convicts above 60.

11. As regards education, 80·90 per cent were illiterate.

12. As regards previous occupation, among males, the largest number consisted of agriculturists, among females, the largest number was married.

13. It is satisfactory to note that there has been a considerable decrease in the number of Juveniles sentenced during the year, *viz.*, 24 against 54 in 1902.

14. *Statement No. III.*—This statement gives the statistics as to the nature and length of sentence of the convicts admitted during the year under report, classified under the heads A, B, C and D, and of those remaining on the last day of the year. As usual the largest number had terms within 6 months; 22 males and 2 females were sentenced to transportation for life; 14 males to death.

15. *Statement No. IV.*—Gives particulars regarding convicts admitted during the year, who had been previously convicted. 9·45 per cent of the total admissions were re-committals as compared with 8·62 in 1902. This slight increase seems to be due to the fact that many of these re-committals had been sentenced to short terms which had little deterrent effect. Of the re-committals admitted, 65 were habitual offenders. Of the total number of Juveniles admitted, 2 were re-committals.

16. The Police as usual continued to take the finger marks of convicts during the year. I am not at present in a position to say definitely how far the system has afforded assistance in the matter of identifying old offenders. I think the procedure may still be regarded as in its infancy in Mysore, judging from the fact that previous conviction extracts are being furnished to the Police on their requisitions. Until the Police Officers are better able to recognise finger impressions, the system, I fear, will not afford the help expected from it.

17. The question of establishing a reformatory school in accordance with Act 8 of 97, for confinement and reformation of Juvenile offenders is under consideration. Definite proposals on the subject have already been submitted. Pending final orders of Government, full effect is being given to the provisions already existing in the Mysore Jail Manual regarding this class of prisoners.

18. *Statement No. V.*—Shows the escapes and re-captures of convicts during the year under report. It is satisfactory to note that there was only one escape among convicts, when compared with 4 in 1902. This prisoner escaped from the Bangalore Central Jail on the 11th October 1903, and was re-captured a few days after the occurrence.

19. The escapee and the guards concerned were adequately punished; the former by the City Magistrate who sentenced him to 2 years rigorous imprisonment and the latter departmentally. One convict who had escaped ten years previously, from Holalkere Taluk Lock-up was re-captured.

20. *Statement No. VI.*—This statement treats of the Prison offences and their punishments. The total number of offences committed during the year was 213, as compared with 245 in 1902, the major portion consisting of offences relating to work. There was a decrease in the total number of corporal punishments, *viz.*, 61 during the year, when compared with 79 in the previous year. There was only one case to be dealt with by a Criminal Court, that is the escape of the convict referred to in para 18 *supra*.

21. *Statement No. VII.*—This statement shows the employment of convicts as Prison Officers in the Jails of Mysore. The average number of Prison Officers employed during the year was 57 against 59·79 in 1902. The total number of reductions among this class was 7. The convict officials as a rule are stated to be fairly trustworthy and to perform the important duties imposed on them satisfactorily.

22. It is under contemplation to frame a set of rules for the future employment of convicts in the Jails and Lock-ups on a more remunerative manner than at present. Proposals on the subject have been submitted to Government according to their order conveyed in Proceedings No. 353—J., dated 10th August 1903.

23. *Statement No. VIII.*—This statement deals with the scale of diet which remained the same in all the Jails and Lock-ups during the year.

of prisoners under trial. There were at the commencement of the year 142, 3,404 were received during the year under report, making a total of 3,546. Of these 1,862 were released, 1,247 convicted, 327 transferred, 6 escaped, and 4 died, leaving 100 at the close of the year; the daily average being 154·84 against 156·78 in 1902.

25. The slight decrease in the average population was due to the smaller number of admissions during the year under report. Out of 6 escapes among this class, one was from the Holalkere Taluk Lock-up. The prisoner was re-captured the day following his escape and was punished for it. The guard through whose neglect of duty, the escape occurred, was suspended for one month. The other 5 prisoners escaped from the District Lock-up at Chikmagalur and are reported to be still at large. Steps are being adopted for their re-capture, and the guards through whose negligence the escapes occurred were sufficiently punished.

26. *Statement C.*—Shows the working of the Mark system. 187 convicts were released under Remission Rules during the year against 183 in 1902. The slight decrease does not call for any remarks. The highest remission gained was 227 days, the highest amount of gratuity earned was Rs. 7-4-9 by a convict in the Mysore Jail. The average amount of gratuity earned by all convicts under the rules was Re. 0-9-8. No convicts who came under the Mark system during the year failed to gain remission.

27. Out of the 82 convicts who were released on the 1st January 1903, in honor of the Coronation of His Most Gracious Majesty the King Emperor of India, and shown in minor head D of column 9, in statement No. I, 9 were life-term convicts, 6 of whom had been admitted to the benefits of the Ticket of Leave Rules and the remaining 3 to the Mark Rules; 27 were long term prisoners under the benefits of the Mark Rules. As this total number 36 (9+27) had been set at liberty prior to their fully reaping the benefits of the respective rules, they were omitted from statement C.

28. In honor of the Coronation of the King, 477 prisoners were granted remissions of sentences on the 1st January 1903, according to the terms they had served on that date, besides 82 who were released; the particulars regarding whom are given in para 7 *supra*.

29. *Statement D.*—This statement shows the offences classified according to the Penal Code, of those admitted during the year. As usual the largest number were convicted for offences against property falling under Chapter 17 of the Code. 39 were for murder and attempt to murder.

PART II—FINANCIAL.

30. *Statement No. IX.*—The total expenditure of all the Jails and Lock-ups during the year under report amounted to Rs. 94,575-3-8 or Rs. 89-11-9 per head of average strength as against Rs. 1,03,002-12-10 or Rs. 90-10-10 per head of average strength in 1902. The decrease of Rs. 8,427-9-2 in the total expenditure and less cost per head during the year, are partly due to the abolition of the Jail at Shimoga from 1st June 1903, and to the cheapness of food-grains during the year.

31. As in previous years, a sum of Rs. 84 per head for Natives and Rs. 120 for Europeans, was levied for the maintenance of the prisoners of the Civil and Military Station, Bangalore. The sum thereby recovered was Rs. 8,332-8-10, being the highest amount hitherto recorded.

32. *Statement No.* X.—This statement compares the expenditure of the year under report with that of the three previous years. There is some increase under the head "Establishment" when compared with the expenditure of last year; which is probably due to the smaller average population, also to the entertainment of two additional warders to the Hassan District Lock-up at a cost of Rs. 15 per month, and to the fact that carriage allowance of Rs. 30 per mensem was temporarily sanctioned to the Lock-up Officer at Shimoga.

33. The increase under the head "Hospital charges" is due to the lower average number of sick during the year. Slight variations under other heads do not require any explanation.

34. *Statement No. XI.*—This statement shows the employment of convicts in the Jails and Lock-ups in the State. The average number of convicts under sentence of hard labour on working days was 842·65 against 914·28. The proportion of convicts employed on different Industries, *viz.*, "Gardening," "preparing articles for Jail use" and "Jail repairs" remained more or less the same as in the last year. But 210 convicts were employed on manufactures against 190 in 1902. The increase under this head is due to the fact that a larger number of men were employed on the manufacture of carpets, including those required for the Industrial Exhibition held in Madras during the Xmas week in December 1903. As a proof of the superior workmanship of the carpets manufactured in the Jails of Mysore, a silver medal is reported to have been awarded in the said Exhibition for pile carpets from the Mysore Jail.

35. *Statement No. XII.*—This statement shows the net cash earnings of convicts sentenced to labour in Jails during 1903. The total amount of earnings during the year under report was Rs. 22,394-11-10 or Rs. 26-9-2 per head of average number sentenced to labour as against Rs. 20,173-5-9 or Rs. 22-1-0 per head of average number in 1902. This increase both in the cash earnings and cost per head was due to the speedy sales for manufactured articles. Out of the total cash earnings during the year, the Jail Press receipts amounted to Rs. 11,109-12-6, being the most profitable industry in the Jail.

36. *Statement No. XIII.*—This statement shows the net cost to Government for maintaining prisoners in all the Jails and Lock-ups in the State during the year under report, which amounted to Rs. 72,180-7-10 or Rs. 68-7-10 per head of average strength against Rs. 82,829-7-1 or Rs. 72-14-8 per head of average strength in the year 1902.

37. *General Remarks.*—Lt.-Colonel Percy H. Benson M.B., I.M.S., held charge of the Office of the Inspector General of Prisions up to 27th May 1903, when he was selected by the Government of India and posted to Burma as Inspector General of Hospitals there. During the remainder of the year I officiated for him.

38. There was no change in the grade of Superintendents of either of the Jails.

Mr. W. J. Hutson, Chief Jailor, Bangalore Central Jail, who was on sick leave, having died on the 28th March 1903, Mr. J. Smith, acting Chief Jailor, was confirmed in that appointment. Mr. J. Hutson, Jailor, late Shimoga Jail, was promoted as Jailor, Mysore Jail, *vice* Mr. Smith. Mr. McGuire, acting Jailor, Mysore Jail, was reverted as Deputy Jailor, Central Jail, Bangalore.

39. On the abolition of the Shimoga Jail on the 1st of June 1903, the Assistant Jailor of that Jail was, by sanction of Government, transferred to my office establishment, the different members of which worked to my satisfaction.

40. The Superintendent, Bangalore Central Jail, complains that there is a great amount of inconvenience, labour and loss of time incurred upon the preparation of Annual Returns. He states that in the absence of suitable and corresponding monthly returns statistical, financial, and vital, it is next to impossible to submit the annual returns in time. This evil will be remedied when the Mysore Jail Manual which is being revised is brought into force.

41. The discipline in the Jails and Lock-ups was well maintained during the year. Every attention was paid to sanitation and to the health of prisoners.

PART III—Medical and Sanitary Report of Jails and Lock-ups.

42. *Statement No. XIV.*—Exclusive of Hospitals and observation cells, the three Jails, (hereafter two) in the State, are capable of holding 1,413 prisoners.

43. The number of prisoners of all classes admitted into the Hospitals during the year under report was 786 males, 27 females against 879 males and 41 females during the year 1902. This decrease in the admissions, goes to show that notwithstanding the prevalence of epidemics in almost every part of Mysore, the health of prisoners was well maintained, consequently the daily average number of sick fell

from 21·09 in 1902 to 15·62 in 1903, the number of deaths being the same during the year as that in the year 1902. The ratio of deaths per mille of average strength from all causes was 18·97 as against 17·60 in 1902; the apparent increase in the death rate was due to the less average population during the year, although the number of deaths was same as in the previous year.

44. A case of plague occurred in the Mysore Jail. A convict who was working extra-murally in removing articles in the infected house of a Palace maid servant was taken ill and died of plague.

45. Necessary orders were issued that prisoners should not be allowed to work in any infected place.

46. As usual, all new admissions are quarantined for 10 days before they are drafted into the Jail proper.

47. *Statement No. XV.*—This statement shows the admissions and deaths from the chief diseases among convicts only. It will be observed that the majority of convicts admitted were treated for malarial fevers, but still only 1 death occurred under this head. Five died of dysentery, 4 of pneumonia, 5 for other general diseases. No cholera prevailed in any of the Jails or Lock-ups. The ratio of admissions and deaths per mille of average strength from all causes was 734·79 and 17·92 respectively against 855·97 and 18·45 during the previous year.

48. *Statement No. XVI.*—This statement shows the mortality among convicts according to the length of original sentence. There were 16 deaths during the year under report against 18 in the previous year; of whom 7 had terms not exceeding 6 months, 3 above 6 months and not exceeding one year, 3 above one year and not exceeding 3 years and 3 above 3 years and not exceeding 7 years. Thus the majority of deaths occurred among prisoners with short terms.

49. *Statement No. XVII.*—This statement shows the mortality among convicts only according to length of time passed in Jail. Of 16 convicts that died during the year under report, 9 died within 6 months, 2 above 6 months and not exceeding one year, 2 above one year and not exceeding 2 years, and 3 above 2 years and not exceeding 3 years.

50. *Statement A, Buildings and Accommodation.*—Under this head there were no additions or alterations made to Jails and Lock-ups in the State except the abolition of the Jail at Shimoga. All buildings were clean, well ventilated and reported to be in good repair.

51. Accommodation was reported to be sufficient for all classes of prisoners during the year under report; but there was for a few days overcrowding in the Davangere Taluk Lock-up owing to the large number of admissions. The excess number was ordered to be transferred to the Bangalore Central Jail. Excepting this, there was no overcrowding anywhere.

52. *Statement B.*—This statement shows the extent to which convicts discharged from Jails and Lock-ups during the year under report improved in health. The number discharged during the year was 3,210. Of these 2,156 had neither lost nor gained weight, 681 had gained weight and 373 lost it.

53. *Drainage.*—Good and efficient.

54. *Conservancy and Cleanliness.*—Both of these were excellent and well attended to.

55. *Employment.*—Apportioned according to physical strength.

56. *Diet.*—Good in quality and sufficient in quantity. The diet scale was the same as in previous years.

57. *Water-supply.*—The supply of water was obtained in the Mysore Jail from the Cauvery; it was good and abundant. The Municipal supply in the Bangalore Central Jail answered well for all purposes, supplemented by the Jail wells for irrigation.

58. *Clothing.*—Given according to seasons.

59. *General Remarks.*—On the whole the health of prisoners confined in the Jails and Lock-ups was satisfactory.

I have the honor to be
sir,
Your most obedient servant,
J. SMYTH, M.D., LT.-COL., I.M.S.,
Offg. Inspector General of Prisons.

Sent to Secy 29-6-04

Letter No. 385-J dated the 30th April 1904 from the Inspector General of Prisons in Mysore, submitting the Report on the administration of Jails and Lock-ups in the State for the Calendar year 1903.

Order thereon. No. ~~804~~ 7(1903-4)/J 07261/04

The report though dated the 30th April was received in the Secretariat six days after the due date. It consists of 7 pages of text and 41 pages of statistics, whereas the maximum prescribed under Government order dated the 16th December

December 1903 ~~was~~ is only 4 pages of text and 38 pages of statistics. The Inspector General requested to see that the ~~requirements of the~~ order ~~are~~ is strictly conformed to.

3. The number of the jails in the State was reduced from 3 to 2 during the year owing to the conversion of the jail at Shimoga into a District lock-up.

4. 3207 convicts, 3404 under trial and 60 civil prisoners were admitted during the year under review. Additional thereto 1057 prisoners that

2 On the commencement of the Coronation of H. Most Gracious Majesty the King Emperor of India Edward VII Alexandra H.M. the Maharaja Yuvaraj was pleased to release 82 persons and to grant remission of sentence to 477 prisoners.

remained at the Commence-
-ment of the year, the total
jail population was 7728
as against 8982 during the
previous year. Of these 6717
prisoners were discharged from
all causes, leaving 1011 at the
close of the year. The daily
average strength of the prisoners
decreased from 1135.95 to
1053.92 The Government
54. Excluding those trans-
-ferred from one jail or Lockup
to another, the number of
Convicts admitted during the
year was 2687. Of these
254 or 9.45 per Cent were
recommittals as Compared
with

with 8·62 during the preceding year. This slight increase is reported to be due to the fact ~~that~~ many recommittals had been sentenced to short terms, which have little deterrent effect in the case of such persons.

6. ~~There were only one~~ One convicted and committed to criminal lunatic asylum during the year as against 14 and 7 respectively in the previous year. Of these only one was a recommittal and criminal lunatic, the remaining persons.

~~Case of escaped convict~~ Convicts as compared with 4 in the previous year. ~~This convict~~ He was subsequently recaptured.

7. 24 juveniles were admitted during the year against 52 in the previous year. Under orders recently

issued by Government in
male prisoners under 16 years
and sentenced to more than
one months' imprisonment
will be sent for custody
to the juvenile prison in
Bangalore, where they will
be trained in any one branch
of useful industry and also
given some general education
of an elementary kind.

8. The number of
prison offences decreased from
245 to 213. Corporal punish-
ments were awarded in
61 cases against 79 in
the previous year.

9. The aggregate expenditure
incurred

incurred for the upkeep of the prisoners in all the jails and Lockups in the State amounted to Rs 94,575 i.e. Rs 8428 less than in the preceding year. The decrease is attributed to the abolition of the jail at Shimoga and to the smaller number of admissions as well as to the cheapness of food-grains. Deducting Rs 22,395 the net cash profits earned by the sale of manufactured articles, the net cost amounted to Rs 72180, which works out at Rs 68-7-10 per head of average strength as compared

the previous year.

10 9. Turning next to the health of the prisoners, it is observed that the number of admissions to hospital was less than in the previous year and that the daily average ~~strength~~ number of sick fell from 21.09 to 15.62. 16 prisoners died during the year, the ratio of death per mille of average strength being 18.97 as against 17.60 during the preceding year.

11. The Inspector General is requested to submit a

Separate reference to Govern-
ment with regard to the
need for enclosing the
Mysore jail with a com-
pound wall of sufficient
height.

Proceedings of the Government of His Highness the Maharaja of Mysore, Judicial, dated 25th July 1904.

READ—

Letter No. 385—J., dated the 30th April 1904, from the Inspector General of Prisons in Mysore, submitting the Report on the administration of Jails and Lock-ups in the State for the calendar year 1903.

No. 204-(19 OF 03-4)—J., DATED BANGALORE, 25TH JULY 1904.

ORDER THEREON.—The report, though dated the 30th April, was received in the Secretariat six days after the due date. It consists of 7 pages of text and 41 pages of statistics, whereas the maximum prescribed in Government Order No. 1215-16—J., dated the 16th December 1903, is only 4 pages of text and 38 pages of statistics. The Inspector General is requested to see the order is strictly conformed to.

2. In commemoration of the Coronation of His Most Gracious Majesty the King-Emperor of India Edward VII, His Highness the Maharaja's Government was pleased to release 82 prisoners and to grant remissions of sentences to 477 prisoners.

3. The number of the Jails in the State was reduced from 3 to 2 during the year owing to the conversion of the Jail at Shimoga into a District Lock-up.

4. 3,207 convicts, 3,404 under-trial and 60 civil prisoners were admitted during the year under review. Adding thereto 1,057 prisoners that remained at the commencement of the year, the total Jail population was 7,728 as against 8,982 during the previous year. Of these 6,717 prisoners were discharged from all causes, leaving 1,011 at the close of the year. The daily average strength of the prisoners decreased from 1,135·95 to 1,053·92.

5. Excluding those transferred from one Jail or Lock-up to another, the number of convicts admitted during the year was 2,687. Of these 254 or 9·45 per cent were recommittals as compared with 8·62 during the preceding year. This slight increase is reported to be due to the fact that many recommittals had been sentenced to short terms, which have little deterrent effect in the case of such persons.

6. One convict and 6 under-trial prisoners escaped during the year as against 4 and 7, respectively, in the year previous. Of these only a convict and one under-trial prisoners were recaptured.

7. Twenty-four juveniles were admitted during the year against 54 in the previous year. Under orders recently issued by Government all male prisoners under 16 years and sentenced to more than one month's imprisonment will be sent for custody to the juvenile prison in Bangalore, where they will be trained in any one branch of useful industry and also given some general education of an elementary kind.

8. The number of prison offences decreased from 245 to 213. Corporal punishments were awarded in 61 cases against 79 in the previous year.

9. The aggregate expenditure incurred for the up-keep of the prisoners in all the Jails and Lock-ups in the State amounted to Rs. 94,575, *i.e.*, Rs. 8,428 less than in the preceding year. The decrease is attributed to the abolition of the Jail at Shimoga and to the smaller number of admissions as well as to the cheapness of food-grains. Deducting Rs. 22,395, the net cash profits earned by the sale of manufactured articles, the net cost amounted to Rs. 72,180, which works out at Rs. 68-7-10 per head of average strength as compared with Rs. 72-14-8 during the previous year.

10. Turning next to the health of the prisoners, it is observed that the number of admissions to hospital was less than in the previous year and that the daily average number of sick fell from 21·09 to 15·62. 16 prisoners died during the year, the ratio of death per mille of average strength being 18·97 against 17·60 in the preceding year.

11. The Inspector General is requested to submit a separate reference to Government with regard to the need for enclosing the Mysore Jail with a compound wall of sufficient height.
